MEMORANDUM FOR: Deputy Director of Security (P&M)

SUBJECT : SRD Productivity Data

1. Attached is a copy of the SRD Statistical Report - FY1976 covering the period through 30 November 1975.
2. The Office of Joint Computer Support informed us on 21 November 1975 that three (3) additional Delta Data terminals with attached Texas Instruments printers will be made available to the Office of Security. Two (2) of the terminals will be installed in the Clearance Division, Rooms 3E29 and 3E47, and the other terminal will be placed in the Systems Support Branch. The terminals will be available for installation in March 1976.
- ✓ 3. A project initiated in late October 1975 to identify files in the Office of Security created due to requests from the Office of the Secretary of Defense has resulted in 927 such files being identified. The task will continue through December.
4. The Director of the Office of Joint Computer Support has advised that a special management review of the SANCA system has been concluded. We will request OJCS to provide the Office with a Project Proposal.
